Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Canton City Schools at 218 Cleveland Ave. SW Canton, OH 44702.

The project's purpose is as follows: To provide a turn-key interoperable virtual and physical platform. Through the partnership with Wi-Fiber, we will extend the city-wide private network to support remote learning, telehealth, and emergency response. This simple solution will leverage devices with a variety of components and an open-source software architecture to visualize, connect, autonomously view, and interact with the deployed territory at the click of a button. The installation and implementation of this turn-key solution will allow each and every student in the Canton City School District to have network connectivity to their homes.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely

Bob Gibbs  
Member of Congress
